Yash Sharma representative of M/s Godrej Agrovet, Ambala (HRY) raised the following queries:-

S.No.	Query	Reply/Recommendations
1.	What is the packing size of the bag	50 kgs in a bag as mentioned in tender documents
2.	A team of specialist members from ICAR-NDRI, Karnal should visit the site of feed manufacturing to ensure the requisite composition of different feed ingredients as per the tender document	It is not practically feasible to be present at the manufacturing site because feed manufacturing is a continuous process. Hence the committee recommended that two stage inspection/testing system will be followed as mentioned in tender document. The material will only be accepted after satisfactory lab report.
3.	The bidder should be informed about the status of the tender process.	Since this is a transparent online system. Every step of the tender process will automatically be uploaded on GeM portal which will be accessible to all the bidders

At the end, The Chairman of the Committee thanked the representatives of firms and requested to participate in the tender. The representative of all the three firms assured that they will participate in the tender.
